FULLSTACK DEVELOPER

As a former HR professional and Technical Support Advisor at Shopify, I've recently transitioned into technology by completing General Assembly's software engineering program. With sharpened full-stack skills, I'm enthusiastic about driving innovation and adapting to the dynamic tech industry landscape.

TECHNICAL & INTERPERSONAL SKILLS

Languages: JavaScript, Typescript, HTML, CSS, EJS.
Libraries and Frameworks: React, Express.js, Sequelize, Mongoose, Jquery, Bootstrap, Semantic UI.
Databases and other: MongoDB, PostgreSQL, RESTful Routing, JSON API, Git, Github, Gitlab.
Interpersonal skills: excellent verbal, written and interpersonal communication skills, analytical skills, research skills.

TECHNICAL PROJECTS

JoyBox - [GitHub](#) | [App](#) - React | Typescript | PostgreSQL | Sequelize
A gateway to a thrilling coding playground that ignites creativity and passion for coding.
- Engineered an intuitive coding environment platform utilizing above technologies.
- Implemented secure, token-based authentication using JWT.

BiteBuddy - [GitHub](#) | [App](#) - React | Node.js | MongoDB | Mongoose | Express
An engaging culinary platform where users can create recipe boards, explore delectable dishes, and interact within a food-loving community.
- Spearheaded backend development using Node.js, Express and MongoDB/Mongoose.
- Crafted meticulous planning materials and documentation to streamline development processes, using tools like Trello and Whimsical, and actively contributed to the integration of Edamam third-party API.
- Collaborated with a dedicated team, contributing to an environment of innovation and cooperation.

FUNventory app - [GitHub](#) | [App](#) - JavaScript | Node.js | MongoDB | Express
A dynamic gaming diary and social network, offering a comprehensive game database, and a thriving community to document your gaming experiences and connect with fellow gamers.
- Developed a MEN stack app for a seamless gaming diary experience.
- Leveraged MDN Web Docs, Google Fonts, Github, Flaticon for a visually appealing and informative app experience.
- Utilized a comprehensive game database, allowing users to easily track and engage with various games.

EXPERIENCE

Shopify, Technical Support Advisor   *Canada, Remote, 09/2021 - 05/2022*
Contributed to the company's success by offering technical support and solutions for a diverse range of users.
- Delivered exceptional technical support to over 1700 users within a 9-month period, ensuring smooth operations and user satisfaction.
- Facilitated seamless installation, configuration, and troubleshooting of Shopify products, domains, and theme customization, catering to store owners' unique needs.

Altyn Bank (ex HSBC Bank), Junior Frontend Developer   *Almaty, Kazakhstan, 01/2021 - 03/2021*
Contributed as a Junior Frontend Developer, focusing on creating high-quality web applications and ensuring seamless integration with back-end systems.
- Converted app designs into functional front-end code with HTML, CSS, and JavaScript, ensuring a polished user experience.
- Developed web applications using best practices, resulting in efficient and well-structured solutions.

EDUCATION

General Assembly   *Remote, Certificate Expected: 06/2023*
Full-stack software engineering 420+ hour program focused on product development fundamentals, object-oriented programming, MVC frameworks, data modeling, and team collaboration strategies.

Turan University, Master of Computer Science   *Almaty, Kazakhstan, Graduated: 06/2012*
